CLINICA MUNDO OCULAR/CLINICA CICO

MELILLA SPAIN

Ciudad Autonoma Melilla is a Spanish city (<http://www.melilla.es>) located in Africa and has almost 80,000 inhabitants. Both public and private health sectors provide the city with health coverage and also serve another 40,000 inhabitants of the nearby cities in Marruecos.

CLINICA CICO (Centro Internacional de Cirugia Ocular) is the only private ophthalmology center located in the city (Ciudad Autonoma Melilla Spain) and it has the only private ophthalmic surgical theatre in the city. In addition to our clinic there is a general hospital that works under direction of the national health system of Spain. The hospital offers several health services and in between an ophthalmology department with limited surgical character.

CLINICA CICO (<http://www.cico.es>; web site under modification) is purely ophthalmological clinic equipped with highly advanced investigational tools and two ophthalmological theatres for General ophthalmology and refractive surgery.

The ophthalmic team of the clinic consists of 2 ophthalmologists: Dr. Mohamed Zebdeh the chief ophthalmologist and medical director and Dr. Ahmed Galal ophthalmologist and surgeon. The clinic provides service for more than 8000 patients/year. The team operates more than 1400 eyes/year and surgeries are done by Dr. A Galal

The team worked since 2007 until 2013 under the name CLINICA MELILLA MUNDO OCULAR and in February 2013, the latest clinic over took CLINICA CICO and they become one clinic now under the name CLINICA MUNDO OCULAR/CICO having a national registration number of B-52008117
